Experience

CONTENTGROW

Freelance writer, contributor | Remote

Covering intersections between travel, culture, and technology across Indonesia and greater SEA.
Creating written and multimedia content for regional publications.
Ghostwriting for tech clients about topics including P2P lending, education technology, venture capital investment, etc.

Oct 2019 - Present

PT MUGI

Marketing executive | Jakarta

Assisting in online marketing efforts for a legacy industrial weighing solutions company (est. 1954)

Creating photographic, written, and graphic content to represent the values and spirit of the brand using Adobe creative suite
Actively maintaining website design and brand aesthetic

Jul 2020 - Present

BOLD MEDIA

Client executive | Singapore

Helped shape brand narratives for SEA tech clients, with a focus on fintech, martech, and adtech.

Collaborated with journalists to write about topics including programmatic advertising, video strategy, and data privacy.

Implemented communications strategies for brands through thought leadership, PR, and content management.

May 2019- Sep 2019

VICE INDONESIA

Editorial intern, freelance writer | Jakarta

Wrote articles on subjects ranging from fintech to political campaigns and disaster management.

Conducted field reporting and research for breaking news, interviews, photojournalism, and copywriting.

Responsible for distilling often highly technical subjects to an understandable format for Gen-Z and millennial core audience. Strong focus on Indonesia and SEA.

Sep 2018 - Dec 2018

Research projects

APPLIED RESEARCH PROJECT (UW)

NATO - Russian relations & E.U. energy security

Consulted closely with NATO policymakers and senior researchers on Russian law, International Security for 70-day research project while running full academic credit load.

Found, classified, and critiqued policy papers, security reports on European critical energy infrastructure, and Intl. Communications Technology (ICT) security as part of a 10-person team. Approx. 200+ hours spent on research, composition, and briefings at Turkish Embassy and NATO Defense College.

Briefed NATO Assistant Sec. General of Operations on NATO-Russia relations and energy security at the University of Washington Rome Center for final project evaluation.
